About the Photographer:

Rick Szymanski is a native Pittsburgher and artist by trade. In 2007, his creativity and mastery of live music photography brought him the opportunity to shoot a wedding. Through word-of-mouth, he quickly acquired more wedding clients. As the demand for his services grew, he established PicSure Photography to offer elite-level photography at a competitive price. To date, Rick has documented over 100 weddings and engagement sessions. His work has been published in national magazines, newspapers and websites, and his fine art has hung on museum walls.

"I would highly recommend Rick. He was easy to work with. I felt very comfortable with him. He worked really hard to get great shots and he genuinely cared if I was happy with the shots. I was really happy with how the pictures came out. They were beautiful, and there were a ton of them. I think you would be very satisfied having him as your photographer. Congratulations and good luck."

Heidi & William | December 29, 2007

"Hiring PicSure for our wedding was one of the best decisions we made! Simply stated, we could not have been happier with the quality of their work. Many of our guests have told us that they didn't remember a photographer being there at all, even though there were two of them. Rick and Dan were able to not only document the events of the day, but were also able to capture the emotions and translate them into unforgettable images."
